From the President Desk

Dear Well Wishers,

I am highly delighted to let you know that Mrinaljyoti Rehabilitation Centre (MRC) is celebrating its 20th year of inception. MRC has come a long way since its establishment in 1999 in a very humble way. We have continued our journey successfully with the support from all fragments of the society including Government and Corporate bodies in and around Duliagan. MRC has been fulfilling its core purpose of enabling Persons with Disabilities (DIVYANGJAN) through several interventions. In its true sense, it has been empowering the DIVYANGJAN to live in the society with dignity and be financially independent. MRC has been catering to the DIVYANGJAN in Upper Assam from districts of Dibrugarh, Tinsukia, Charideo and Sibsagar. Similarly, it has also been catering to a few regions in Arunachal Pradesh like Namsai & Lohit districts through its headquarters based in Duliagan and outreach centres at Rajgarh and Digboi.

One of the biggest achievements of MRC during the last financial year was to obtain the status of Elementary School under the Directorate of Elementary Education, Govt. of Assam. Another worth mentioning achievement has been the launch of its community based rehabilitation programme (CBR) in collaboration with the CBR Forum. Students of MRC participated in several programmes like street play, awareness campaign, cultural programme etc., which were appreciated and applauded by all.

A few of the awareness programmes were organized for the staff of MRC like, Breast Cancer Awareness Camp, Anganwadi Training Camp, workshop on prosthetic appliances, etc. Umang, a programme to encourage participation of children with disabilities in cultural activities was organized through the Ministry of Cultural Affairs, GOI, which was highly appreciated. In the past also our students were recognized at the State Level and then proceeded to participate at National Level conducted in New Delhi where they received laurels for their performance. I wish MRC the very best in all its future endeavors.

(Anita Nihalani)

Executive President

Mrinaljyoti Rehabilitation Centre

From the Secretary Desk

Dear Friends,

Mrinaljyoti has been working for Persons with Disabilities specially for persons with National Trust category i.e. Autism, Cerebral Palsy, Mental Retardation and Multiple Disabilities since inception way back in 1999. The mental and physical ability of these children are very low in comparison to the children with disability other than National Trust category. Children with National Trust category disabilities need lifelong care and support services therefore they are mostly dependent on others either it may be their family members or guardian. We often notice that unlike their potentiality these children with disabilities are unable to show their ability what they capable of. This is largely due to not fulfilling child rights fully v.i.z. right to education, right to live, right to participation and right to protection. Even they are getting any benefit like job/educational reservation.

They are also human being and have the right to live with dignity and part of our society too. Though we continuously talk about empowerment of children or persons with disabilities still lots of work have to be done. First we have to help them to realize their capability and potentiality and only then let them to raise their voice for their right.

Mrinaljyoti, along with empowering the children or persons with disabilities also endeavoring and advocating to bring a change in the attitude of the people /Society. Our tireless effort is to bridge the gap among Person with disabilities, Govt. schemes, right implementers, parents, stakeholders of the society etc. Our aim is to make more people more dedicated to the service of the persons with disabilities. It is remarkable that the type of disabilities have been increased from erstwhile 7 to now 21 (as per the RPWD Act, 2016). Therefore our responsibility has also increased and we have lots of work to do in upcoming days. Further it is growing phenomena and best solution to fight with it is early intervention which would help to reduce at least some percentage of disabilities.

At last with a hope of note I would like to thank all our Executive Members, Staffs, donors, stakeholders, well wishers, Govt. and Non Govt. Departments, NGOs for their tremendous support to enable us to work for the empowerment of children/persons with disabilities.

INDEPENDENT PROJECTS

1.1. School (Inclusive and Special Schooling)

At the time of establishment of Mrinaljyoti in 1999 it was a common scene that the children with disabilities were not getting admission in mainstream schools. Significantly, one of the most important rights of the children with disabilities was not fulfilled. So Mrinaljyoti started a special school for children with disabilities. A part of it was converted into an Inclusive school in 2016. Later in the year 2017, the school got prior permission as an elementary school under the Directorate of Elementary Education, Government of Assam. By converting the school to an inclusive one, Mrinaljyoti has been trying to provide the environment and materials both to children with Disabilities and mainstream children so that they can understand each other's requirements and thereby create an inclusive society. The main objective to keep one section of the school as a special one is to provide supportive services to children with severe disabilities who need intensive intervention and supportive care.

1.2. Early Intervention

The best time to treat something is at its beginning. As an organization, working to empower the persons with disabilities, our prime duty is to detect children with disabilities at an early age, so that the child can be provided necessary interventions. Our early intervention services include early detection, physiotherapy, speech therapy, occupational therapy, counseling, school readiness program etc. The prime objective of early intervention of a child is to make the child ready to be mainstreamed. In this academic year seven children with disabilities have been mainstreamed and they are now attending mainstream schools. We have been closely monitoring their development for their good performance and still adding help by counseling their parents with options and tips. In the coming academic year we aim to mainstream more children with disabilities.

Executive Committee member of Mrinaljyoti and his wife Mrs. Munni Sarma, Head Mistress (Ex.), Mrinaljyoti are among the fond memories living in our soul and heart day and night. Having been associated with Mrinaljyoti for a long span of time the couple contributed in the flowering of Mrinaljyoti in various ways. Be it academic, be it administrative or be it public relation, their contribution has been so immense that big thanks from our side are mere injustice. Words can neither qualify nor quantify how helpful your guidance and advice has been. We are forever grateful for your unconditional support, this support and fruitful bundle of elixir helped Mrinaljyoti to grow its feathers for flying high in the sky with a down to earth attitude. You showed us the path to transform our mistakes into skills. Quality of your leadership and down to earth attitude will be always an inspiration for us.
